We, the undersigned, support a dog friendly environment in Capitola. We are strongly in favor of laws that will allow dogs in the parks and beaches, off-lead fenced dog parks and off-lead dog hours on the Capitola City beach. We request that the City Council work with dog owners to create the ordinances and the construction of appropriate fencing, plant material, water availability and signage to accomplish this goal as quickly as possible.

We pledge to be responsible for our dogs, maintain their vaccines and licenses, clean up after them and others, train them and keep them under voice or leash control. We support Canine Good Citizenship.

					Preferences Rate 1 very important, 2 good idea, 3 not important
